

Opalux® TRADE Privacy & Decorative Film

Whiteout Removable

Code: TPA-07WO-iRM

Opalux® TRADE Removable 3mil Whiteout films are used to give two-way 24-hr privacy, particularly when required on a temporary basis. This film has a satin white finish and can be applied to new or existing glass.

This removable privacy film blocks all vision through the glass but still lets a small percentage of natural light through the glass.

The Opalux Removable Whiteout is a quick and easy solution for installations where all vision through needs to be controlled and will be applied to the glass on a temporary basis. It remove cleanly with little or no adhesive if removed within 6 months of installation.

The removable products have been successfully used where a white appearance is required and vision through needs to be prevented due to temporary building work or office refurbishment.

This removable privacy film blocks out most daylight or artificial light through the window or lightbox, and has an opaque appearance.

Features	Benefits
