Specification:

The solar control shade material for the roller blinds is to be **Opalux® SO-10NG/RS-i**, as manufactured by Opalux® (www.opalux.co.uk). The shade material is to be installed to the roller blinds on the **interior** side of the glass, and the unique product roll numbers used are to be registered in accordance with the manufacturer's warranty procedure.

Notes:

Test results are produced from film applied to clear glass. Performance data is subject to change without prior notice. Accurate selection of window film requires specialist knowledge, and it is recommended that specifiers contact the company at the specification stage. It is the users' responsibility to ensure the product is suitable for the intended use. The seller shall not be liable for any direct or consequential loss howsoever arising.
